Since **June 5, 2017** the Automated Collection Truck has been collecting the new "Wheelie" Bins in Perth East. Using the new bins is as easy as **1-2-3!**

1 Collect.

Collect all your materials inside your home!

TIP: Gather your recyclable materials using your blue box. See the lid of your new bin for acceptable materials. Use small kitchen catcher type bags around the house to capture waste where ever it is generated.

2 Empty.

Empty the blue box contents into the Blue recycling bin.

Place your kitchen catcher bags directly in the Black waste bin.

TIP: Place all the recyclable items loose in the bin. Do not bag or tie anything to help us separate better with the exception of plastic bags and shredded paper which should be bagged before being placed in the bin. Trash may be bagged in bags if you wish.

3 Set Out.

Set out your "wheelie" bins at the road when full (or almost)

TIP: The "wheelie" bins should be placed at least **3 feet away from any other objects** with the wheels and handle pointing towards the house and the lid opening towards the road. The truck arm can reach up to 12 feet. Rural collection is done on one side of the road only, the same side as always or which ever side the driver leaves the bins.

If in doubt, leave it out and check it out
