

Set Out Guide

1 Proper Set Out Guide

Please place your bin at the curb with at least 3 feet from any other bins or obstacles. The bin lid opening should be facing the street while the bin handle should face the house.

2 Helpful Setout Tips

- * Put your materials out by 7:00am
- * Place on the proper side of the road
- * Do not place bin on the road
- * Do not place in front of a mailbox
- * The bin must be visible from the road
- * Do not place on a snowbank
- * Do not leave your cart lid open
- * Do not put your bin on the sidewalk

- * The box must be visible from the road
- * Do not place on a snowbank
- * Have a garbage tag on your bags
- * No overweight garbage (45lbs)
- * No oversized garbage (30 gallons)

CO COLLECTION

How to prepare your materials:

- Clean off bits of food and other residue.
- Place all recyclables in the container – no sorting is required.
- It's okay to leave labels on metal food cans, glass bottles, plastic containers, etc.
- Remove plastic lids and caps, dispose if smaller than 3", and place metal lids inside the can.
- Remove plastic wrapping from newspapers, magazines and catalogues.
- Material shouldn't be in bags, with two exceptions:
 - Bundle plastic bags, wrap into one plastic bag and tie handles.
 - Place shredded paper in a clear plastic bag and tie handles.
- If in doubt, leave it out and check it out at www.bra.org/recycling.
