

# SOCIAL SERVICES

## You Can Help!

Social Service agencies play a very important role in our communities. Their ability to provide resources and services is often dependent on financial support and donations from local residents.

So if you have used clothing in good condition, a sofa you want to get rid of or any other household item that someone else might get use or benefit from, please consider contacting one of the agencies listed here.

For more information on what you can do to help, feel free to visit our website and learn about the ways of going 'beyond the blue box'.
